## FOR EAST PENN SCHOOL BOARD

### *Why am I running for East Penn School Board?*

I want to see our district continue its commitment to excellence in public education. I believe it is the board's responsibility to ensure that a broad educational experience is possible for all our community's children in a fiscally responsible manner. Strong public schools are the foundation for building a better, more prosperous, and growing community. I have the business experience and education to help EPSD achieve these goals.
